

# Clear Fork FFA Alumni 2022 Tree Seedling Sale

(in partnership with Richland Soil and Water Conservation District)

Facebook.com/FFAClearFork or Richlandswcd.net

**CASH OR CHECK ONLY, FIRST COME FIRST SERVE WHILE SUPPLIES LAST**

## Locations:

**Richland County Fairgrounds Nature Park:** Friday, April 1, from 9:00 a.m. until 7 p.m. or all seedlings sold  
**Clear Fork High School, (back parking lot):** Friday, April 1 from 8:00 a.m. until 1:00 p.m. or all seedlings sold  
**Planktown Market near Shiloh (at inside door):** Friday, April 1 from 9:00 a.m. until 1:00 p.m. or all seedlings sold

**Note:** For orders larger than 20 bundles, please call Clear Fork High School at 419.886.2601 or Jim at 419.564.3881 by **FEBRUARY 19**. All other sales are first come, first serve. All sales are final with no guarantee of survival. Cash or checks only. If you wish to purchase all left-over seedlings, call Jim at 419.564.3881.

## Species Available for Purchase

**COST: \$10.00 per Bundle of 8**

### Evergreens

Norway spruce 8-12"  
White pine 6-14"  
Douglas Fir 8-10"  
Balsam Fir 8-12"  
Red Cedar 8-14"  
Scotch Pine 7-10"

### Broadleaf Shrubs

Red Mulberry 12-18"  
Ohio Buckeye 6 – 12"  
Common Pawpaw 6 – 12"

### Large Trees

White Oak 12 -18"  
Sugar Maple 6-12"  
Persimmon 12-18"  
Tulip Poplar 12-18"  
Red Oak 12-18"  
Scarlet Oak 12-18"  
Black Cherry 12-18"  
Redbud 12-18"

### Flowering Pack

Flowering Dogwood,  
Serviceberry, and Roselow  
Crabapple

**Bluebird Houses: \$10**

### Spruce (Ten years from planting these trees will be approximately 6-8 feet tall)

**Norway Spruce** (Picea abies): One of the faster growing spruce. Extremely attractive, pyramidal evergreen with strong, distinctive sweeping branches all the way to the ground. Shiny green, 1/2-1" long flat needles. Grows on most sites except where soil is water soaked. Height: 80-100'.

### Pine (Ten years from planting these trees will be approximately 8-10 feet tall).

**White Pine** (Pinus strobus): A shade tolerant native tree, does best in full sunlight. Fast-growing, grows well in a wide range of soil types. Soft light, green needles in clusters of five. Height: 80'.

**Scotch Pine** (Pinus sylvestris): Features blue-green needles that vary in length, ranging from 1 to 3"; color frequently changes to yellowish-green in the winter.

**Douglas Fir** (Pseudotsuga men-ziesii): Bluish-green needles with a pyramid shape. Medium growth in various soils. Grows 40' to 70' tall. 12' to 20' spread.

**Balsam Fir** (Abies balsamea): Short, flat, bright green needles. Prefers moist, acidic soil. Slow growth rate. Mature height: 70'. Mature Spread: 20'.

### **Other Evergreens**

**Red Cedar** (*Juniperus virginiana*): Thanks to its tolerance of heat, salt, a wide range of soils and other adverse conditions, the eastern redcedar can be put to good use on the farm in windbreaks and in city landscapes for hedges, screens, clumps or even as specimen trees. Mature height: 40' to 50'. 8' to 20' mature spread.

### **Broadleaf Shrubs**

**Red Mulberry** (*Morus rubra*): Grows 30-60' tall. Can grown in full sun to light shade, moist conditions and different kinds of soil. A wide rain of soil pH is tolerated. Trees can bear fruit is as little as 10 years and live up to 125 years.

**Ohio Buckeye** (*Aesculus glabra*): Found primarily as an understory tree in the eastern half of Ohio, where the soils are more alkaline in pH. A native of the Midwestern and Great Plains states, trees found in the open may reach 60' tall by 30' wide, but as a native understory, it is often half that size. As a member of the Horse chestnut Family, it is related to other Horse chestnuts and Buckeyes.

**Common Pawpaw** (*Asimina triloba*): Shade tolerant, adapted to fine and course textured soils; blooms in mid-Spring. Slow growth rate. Maturity height is 25 feet.

### **Large Trees**

**White Oak** (*Quercus alba*): Grows well in all but very wet soils, in all open exposures. Large spreading tree, dark gray, brownish bark. Blooms in May, Fruit in autumn. All oaks provide excellent wildlife benefits. Height: 60-80'. Height in 10 years 8-10'.

**Sugar Maple** (*Acer saccharum*): Plant in well-drained soils. Maple is extensively planted for timber, as a shade tree, and for maple syrup. Large shade tree has dark green foliage turning to yellow to orange to fiery red in the fall. Height: 100'. Height in ten years 14-16' tall.

**Persimmon** (*Diospyros virginiana*): Tough and adaptable grows rapidly, and its deep tap root gives it good drought resistance. Seedlings planted in good soil and a sunny location can begin fruiting in about 6-8 years. In addition to its fruit-bearing potential, the American Persimmon can make an attractive mid-size yard tree. Height: 30-70'.

**Tulip Poplar** (*Liriodendron tulipifera*): Found throughout all of Ohio, the Tulip Tree is named for the appearance of its showy flowers and the silhouette of its large leaves, both of which resemble tulips. It frequents moist woodlands and edges of fields, especially on downslopes where water drains. Quickly reaches a height of 80'.

**Red Oak** Bristle-tipped leaves turn red in the fall. The leaves have 7 to 11 waxy lobes. A good street tree, tolerates pollution and compacted soil. Grows to 60' to 75', 45' spread.

**Scarlet Oak** Fast-growing and tolerates a wide range of soils. Leaves are glossy deep green on top, paler green below, and scarlet in fall. Crown is open and rounded, providing light shade. Grows to 60' to 80', 40'-50' spread.

**Black Cherry** (*Prunus serotina*): Fast growing; prefers moist, well-drained soils. Produces showy white flowers in spring and has dark-green glossy leaves. Can grow up to 110'.

**Redbud** (*Cercis canadensis*): Medium growth Features somewhat heart-shaped leaves 2–6" in length, emerging a reddish color, turning dark green as summer approaches and then yellow in the fall. Can grow up to 20' to 30''.
