# ENVIROTHON

Richland SWCD is HOSTING in 2025! PLEASE... We need YOUR SUPPORT!

The Envirothon competition tests students' knowledge of soils and land use, forestry, wildlife, aquatic ecology, and current environmental issue (CEI). The 2025 CEI is **"Roots & Resiliency: Fostering Forest Stewardship in a Canopy of Change."**

## Where will it be hosted in 2025?

Each year, Area 2 Envirothon rotates around 17 Northeast Ohio Counties. Richland SWCD will host the Envirothon on **April 9th, 2025** at the Cooke Family Wildlife Conservation Park. The top four teams advance to the State competition along with the other teams from the remaining Ohio Areas, making 20 teams total at the State competition. Only one team from State advances to Nationals!

## What is the ENVIROTHON?

The Envirothon is a competitive, outdoor academic team event for high school students. A unique and enjoyable learning experience, the Envirothon is designed to stimulate, reinforce, and enhance interest in the environment and natural resources.

Teams consist of 5 students, all from the same high school or home school team.

An adult advisor must accompany the team, but is not permitted to assist the team during competition. In Ohio, the Envirothon is sponsored by the Ohio Federation of Soil

and Water Conservation (OFSWCD), in cooperation with the ODA Division of Soil and Water Conservation. Natural resource and environmental specialists from many agencies, organizations, colleges, universities, park districts and businesses write the Envirothon tests and staff for the various testing stations. The Envirothon is financed by grants and donations from businesses and agencies.

Without local and state support, this wonderful event wouldn't be possible.

**Thank you for your donations and financial support!**
