**For Immediate Release**

February 12, 2025

### **Richland Soil and Water Conservation District Chosen to Host Area 2 Envirothon**

**Mansfield, Ohio** – Richland Soil and Water Conservation District is pleased to announce they are hosting the 2025 Area 2 Envirothon. High school students from 17 northeastern Ohio counties will come together on April 9 at the Cooke Family Wildlife Conservation Park in Richland County to participate in the Area 2 Envirothon. The Envirothon is a competitive, outdoor academic team event for high school students. A unique and enjoyable learning experience, the Envirothon is designed to stimulate, reinforce, and enhance interest in the environment and natural resources. Teams consist of 5 students, all from the same high school or home school team. An adult advisor must accompany the team but is not permitted to assist the team during competition. Each school may register up to three teams. Local schools are encouraged to form teams and register. To

register, an adult advisor must complete a team registration form by March 5, 2025.

The Envirothon is financed by grants and donations from businesses and agencies. Without support, this wonderful event wouldn't be possible and help fund the competition, provide materials and resources and ensure a high-quality experience for everyone involved.

To register a team or sponsor the Area 2 Envirothon, please visit

<https://rlswcd.tempurl.host/residential/programs/> or call 419-747-8687.

In Ohio, the Envirothon is sponsored by the Ohio Federation of Soil and Water Conservation (OFSWCD), in cooperation with the Ohio Department of Agriculture (ODA) Division of Soil and Water Conservation. Natural resource and environmental specialists from many agencies, organizations, colleges, universities, park districts and businesses write the Envirothon tests and volunteer at the event.

Richland Soil and Water Conservation District develops, implements, and assists landowners, government agencies and our partners with a wide range of natural resource conservation programs.

Programs and assistance of the Richland Soil and Water Conservation District are available without regard to race, color, religion, sex, gender identity, age, national origin, ancestry, disability, or veteran status.
