Position: Stormwater Technician

Pay Range: \$19.00 to \$21.00 per hour

Location: Richland Soil & Water Conservation District

Employment Status: Full-Time - Non-exempt. Position open until filled.

Office Hours: 8:00 am to 4:30 pm Monday to Friday, with an half hour (unpaid) lunch. Evening and weekend hours may be required.

Overall Responsibilities: The Stormwater Technician is an entry-level position responsible for day-to-day inspection of active construction sites and associated compliance reporting to assist partner communities with regulatory requirements related to pollution prevention.

Primary Duties and Responsibilities:

- Implement Richland County Stormwater Management and Sediment Regulations through plan review, fee collection, permitting, field inspections and enforcement.
- Perform periodic inspections of permitted sites, document site conditions and compliance activities in accordance with Ohio EPA's NPDES Construction General Permit.
- Prepare and deliver written reports, using mobile applications, for permitted sites.
- Provide technical information to contractors, consultants and community officials regarding Stormwater Pollution Prevention Plans (SWP3's), Erosion & Sediment Control Plan implementation, stormwater Best Management Practices, standard operation procedures, conservation planning concepts and Clean Water Act responsibilities.
- Combination of office and outdoor field work.
- Work outside in inclement weather conditions, over uneven terrain with exposure to various and hazardous insects, plants, animals and environmental conditions.
- Work scheduled shifts for the public stormwater permit room and office.
- Assist with the District's education and outreach campaigns as needed.
- Recordkeeping and maintenance of files.
- Log collected data into the District GIS database.
- Other duties as assigned.

Position Requirements or Qualifications: Associate degree or higher. Major in Natural Sciences/Studies preferred. Relevant work experience may be substituted for a degree.
